CORIOmaster2 - Status OK

CORIOmaster2

Captivate your audience with the most powerful video processor on the planet!
Create the ultimate 4K60 video experiences for your high-profile LED installations,
projection edge blends or monitor walls.

◈◈◈ tvONE®

CORIO**master** **2**

The Video Processor Redefined

A truly massive video design canvas allows for unbridled creativity with more 4K60 windows than you ever imagined possible.

▪ **Huge 12 Gigapixel Design Canvas**

Seamlessly manage multiple walls from a single chassis.

▪ **Up to 128 video windows**

Up to 64 windows per canvas with 128 windows for the total system.

▪ **Go large and creative**

360^0 rotation and up to 56 displays with high bandwidth outputs.

▪ **Make it sing**

Embedded audio or external audio connectivity.

▪ **Multi-user control options**

Choose from software, app, 3rd party control or button panel.

▪ **Source labelling**

Easy identification of IP sources.

CORIO**master** / CORIO**master** **2**

tvONE has delivered video wall excellence since 2011 with the multiple award-winning CORIO**master**. With higher resolutions becoming a standard requirement in many installs, CORIO**master2** has been designed from the ground up to give massive performance gains.

Experience **ten times** more 4K60 windows!

Powerful   Creative   Simple

Unparalleled Performance

Simultaneously display up to 40 windows in 4K60 with normally one frame of latency.
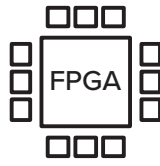

CORIO Video Processing

Proprietary FPGA technology optimized for 4K60, 4:4:4 outputs and is 8K ready.

Simple to Configure

Intuitive and versatile, software - perfect for powerful creative design and control.

Smart Design

Future proofed design to grow with you and featuring a striking front panel that will stand out in any rack!

Design Flexibility

Create mosaics, square walls, expansive edge blends and power your LED walls with pixel-perfect performance.

Independent Canvases

12 Gigapixels of design canvas allows three independent working areas for multiple walls.

Extreme Reliability

5-year warranty and optional dual redundant PSU's - it's easy to see why we are trusted by professionals.
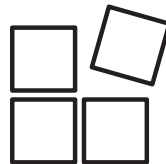

Modular Platform

Flexible architecture accepts digital, IP, broadcast and legacy AV inputs to exceed requirements.

Secure Comms

Keep your information safe with HTTPS SSL connectivity and experience RESTful multi-user control with remote monitoring.

Control Rooms

- **Assured communication**

  HTTPS & RESTful API control using software, button panels or 3rd party solutions.

- **IP Stream connectivity**

  Low latency H.264 and H.265 IP with mixed feed playlist carousels.
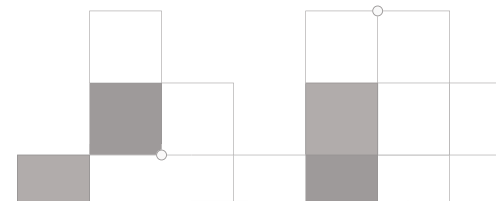

- **Flexible display choice**

  Deploy LED, edge blended projectors or display panels. Control multiple walls from a single system.

- **Ultra-reliable**

  tvONE exclusive design and manufacturing with a 5-year warranty.

- **Low cost of ownership**

  Low power consumption when compared to competitor systems that are based on PC architecture.

Corporate

- **See every detail**

  Seamless 8K workflows when every detail matters with quad 4K60 stitching.

- **Engage the team**

  Eye-catching transitions and animations or seamless video switching.

- **Mix and match**

  Source choices include; IP decoding, digital AV, Broadcast, legacy AV or a media player for 4K video and stills.

- **Make it sing**

  Embedded audio from source to display or choose external breakout for hook up to external systems.

- **Take control**

  Multi-user control options include software, app, 3rd party controllers or our button panel.

- **CORIO inside**

  The best up, down and cross conversion in the world!

Ease of **Control**

Choose from an iOS or Android App to change windows presets, switch video sources or control a host of other settings right from your tablet or mobile.

Other control options include a control button panel, third-party automation plug-ins or CORIO**grapher** software.

4:4:4 Output **Performance**

Manage your video chroma subsampling for seamless integration with LED walls that require 4:4:4 input. CORIO**master2** can also upsample 4:2:0 or 4:2:2 content to 4:4:4 for maximum flexibility.

doing **LED** right

Retail & Museums

- **Captivate your audience**

  Create eye catching walls using LED, projector edge blending or display panels.

- **See every detail**

  Seamless 8K workflows when every detail matters with quad 4K60 stitching.

- **Go creative**

  Unlimited 360° rotation of sources and displays and up to 56 screens.

- **Built in media player**

  Bring 4K video, stills and IP streams to life with our playlist carousels.

- **Make it sing**

  With embedded audio or external breakout making it easy to get your message heard.

- **Doing LED right**

  Pixel perfect set-ups with the best in class up, down and cross conversion.

8K **Workflows**

8K is seen as essential in industries that rely on detailed, color accurate reproduction. CORIO**master2** can seamlessly stitch four 4K60 sources together and deliver them as quad link HDMI 2.0 to an 8K monitor.

Broadcast

ON AIR

7 DAY FORECAST

redefine what's possible
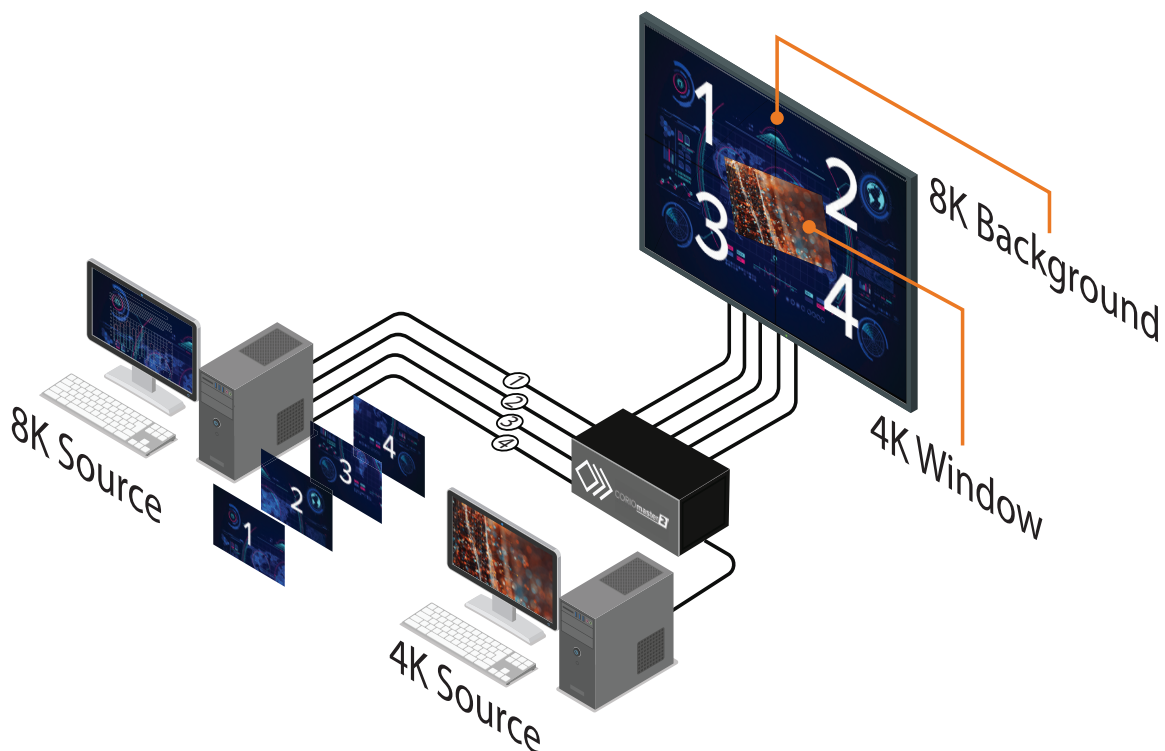

- **Lifelike video**

  High bandwidth processing for immersive 4K60 4:4:4 performance.

- **Be creative**

  Unlimited 360° source and display rotation and up to 56 outputs.

- **Mix and match**

  Full support for IP, digital AV, broadcast and legacy AV sources.

- **Simple control**

  Multi-user control options include software, app, 3rd party controllers or our button panel.

- **CORIO inside**

  The best up, down and cross conversion in the world!

- **Synchronize your videowall**

  Lock to any input to remove conversion artifacts.

Best in Class Scaling using **CORIO® Technology**

Experience industry leading scaling for HD, 4K and 8K sources with CORIO®, our proprietary technology. CORIOmaster2 processes the equivalent of 891 billion video matrix calculations per second with less than two frames of signal delay from input to output, guaranteeing the highest quality video possible with no visible lag.

Perceptible by the human eye

CORIO® 2 FRAMES OR LESS

TRADITIONAL 6 FRAMES

CORIO**master2**
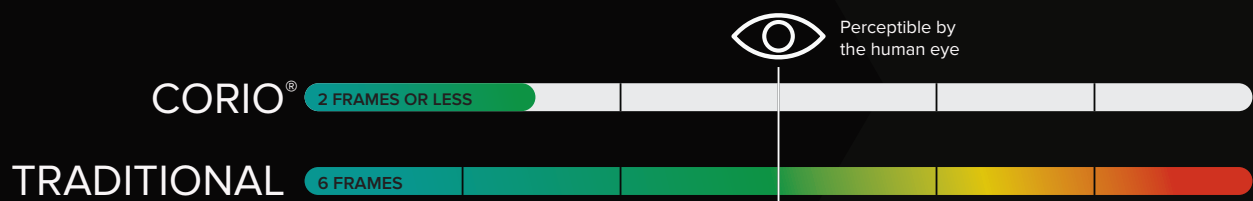

Rental & Staging

- **Go large**
  Manage multiple walls from a single chassis.

- **Go large and creative**
  360° source and display rotation and up to 56 displays.

- **Every detail matters**
  Support for seamless 8K workflows with quad 4K60 stitching.

- **Eye-catching transitions**
  Window movement and source switching transitions

- **Doing LED right**
  Pixel perfect installations.

- **Ultra-reliable**
  tvONE exclusive design and manufacturing with extreme reliability and 5-year warranty.

Smart Dynamic Window Layering for **Visual Impact**

A CORIO**master2** window is a highly flexible video layer that can be independently positioned, layered and have a transition applied.

For maximum flexibility, CORIO**master2** can have up to 128 video windows on screen at the same time, hidden behind other windows or be ready to bring on screen.

Your favorite windows layouts can be saved as a system preset for quick recall from a PC, button panel, app or automation system.

true pixel power

|Live Events

- **CORIO inside**

  The best up, down and cross conversion in the world!

- **Mix and match**

  Full support for low latency IP, digital AV, broadcast and legacy AV sources.

- **Demand lip sync perfection**

  Best in class video latency for video and IP sources.

- **Future proof your investment**

  Modular platform and field upgradeable software.

- **Experience life-like color**

  4K60 4:4:4 output performance even with 4:2:0 and 4:2:2 sources.

- **Synchronize your world**

  Synchronise your videowall sources to prevent image tearing.

Doing **LED** Right!

CORIO**master2** is the perfect addition for LED installations with best-in-class up and downscaling together, SDI ingest and a huge range of output resolutions

Power multiple LED walls from a single chassis and add multiple windows with animating transitions to create eye-catching appeal on any wall.

Chassis

COROmaster2 is the modular and field upgradeable solution to future proof your investment.

INPUT MODULES

Dual 4K HDBaseT
Supports resolutions up to 4096x2160/60p or 500ft reach with HD-ONE DX500.

Quad 3G-SDI Broadcast
Supports resolutions up to 3G-SDI (1080/60p) versions.

Dual 4K HDMI
Supports resolutions up to 4096x2160/60p.
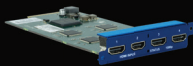

Quad 1080p HDMI
Supports resolutions up to 1920x1080/60p.

Dual DVI Universal
Supports resolutions up to 1920x1200/60p.

OUTPUT MODULES

Dual 4K Streaming & Media
Dual low latency H.264 & H.265 streaming decoder. IP source labeling. Playback of video clips and stills from on-board 128Gb HDD.

Quad 4K60 HDMI
Supports resolutions up to 3840x2160/60p.

Eight HDMI
Supports resolutions up to 1920x1080/60p.

S/PDIF and Analog Audio
Embed and de-embed audio from S/PDIF or analog cross convert digital and analog audio.

ADAPTORS

For use with legacy AV formats
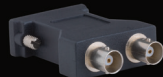

HDMI   CV   Analog PC   YC (S-Video)   Analog RGBHV   YPbPr/YUV

CORIOmaster2

EASY YET
POWERFUL
SETUP

CORIO**grapher**

Our creative video wall software allows ultra-quick videowall set up working in either online or offline modes. Resize and move sources, control media clips or IP streams and control your entire visual experience using presets with our dashboard interface.

Control

Other options for real-time control include Apps. Control panels or 3rd party control linking to our open source, real-time API.

tvONE
CORIOmaster App

- Available for IOS & Android
- Select custom presets
- Switch sources
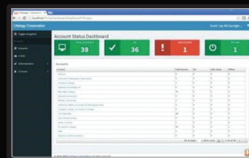

Infastructure Control Solutions

- Control an API level function
- API available at *api.tvone.com*

Automation Control Solutions

- Control any API level function
- API available at *api.tvone.com*
- Plug-ins for Crestron

tvONE Hardware Control Panel

- Control an API level function
- US and European form factors
- Supports up to 128 commands
